

EU LEGAL SUMMER SCHOOL 2025 IN LUXEMBOURG

The Legal Hub of Excellence, a working group composed of high-level legal experts working in the different EU institutions based in Luxembourg, is organising an EU Legal Summer School in Luxembourg.

A maximum of 36 **Master's, Phd and Postgraduate EU law students and young professionals** from all EU Member States will have the opportunity to spend one week in various EU institutions in Luxembourg, in an ambitious job-shadowing programme that combines professional training, social activities and valuable networking opportunities.

In this first edition of the Legal Summer School, participants will become familiar with the legal services of the EU institutions based in Luxembourg and their day-to-day operations as well as gain a first-hand experience of EU law in action. The professional training includes workshops by EU law professionals who will provide insight into how their service operates and fits in the wider EU network, the skills required in order to work for them, and the traineeship and career opportunities available.

Through a range of social activities, participants will discover work and life in Luxembourg, one of the three capitals of the EU. A true microcosm of European diversity, Luxembourg blends cultures and languages seamlessly and is a true haven for legal professionals interested in a career in EU law.
